

The **LAST TIME FOR A DIME!** Mini Book Sale is being held at the Nipomo Library on Saturday, November 19, from 10AM to 2PM. The Friends of the Nipomo Library is selling hardback, popular fiction novels for just a dime so don't miss out. Along with the book sale the Friends are also holding a **CHRISTMAS DECORATION TREASURES SALE**. Come on by the Library and get set for the holidays.

The Friends of the Nipomo Library **Memory Garden** has been erected in the front of the Nipomo Library in conjunction with the 20th Year Celebration of the Library, at its present site. The work and materials were primarily donated by local businesses and to them we give a big Thank You! The finishing touches have not yet been added but already parents and children can be seen enjoying the seating area every afternoon. The Friends chose to build a garden to honor long time volunteers, the Library Building Founders and all Friends members, past and present. We hope you enjoy this new addition to our Library.

If you have a struggling young reader or a reader that loves dogs and would love to read to one, then you need to visit the Library on Thursday afternoons. The **Reading to Rover** program is provided by a local volunteer, who brings her well-behaved, delightful dog friend to the Library looking for readers, with the idea that reading improves only with practice and that reading to a dog friend is non-threatening, great practice and just plain fun.

There is a delightful **Art Display** being held for the month of November in the Library Community Room and the pictures are beautiful. You will want to come by and check them out. All the paintings are provided by artists from the Monday Morning Watercolor Class held at Nipomo Library and all are for sale. It is a wonderful, colorful addition to our room.

The SLO County Library has just launched a new program and Nipomo Library is a part of the launch. They are offering a new system that may be checked out or put on hold, for a one week period, which will provide you with a service that is amazing. It is like having a Hotspot in your own home for a week, free of charge, just by using your Library card. The device called, **MiFi To Go**, is easy to use and we hope you will give it a try. The County Library system will watch to see how popular the program is and then expand the program if it appear warranted, so check it out. Speaking of the internet, remember the Library has Chrome Books available for use in the Library daily, as well as computers for adults and children. All you need is your Library card.

Do you Love Board Games? The Library is recognizing **International Game Day** on Saturday, November 19, during regular business hours and we hope you will come play. There will be Board games set out throughout the Library just waiting for players.
